Date: 28th April 2023

Objective of the workshop

- To enhance students' skills in art and craft for the creation of effective teaching aids.
- To familiarize students with the prospects and opportunities available for pursuing higher education abroad.

Target Audience

BA 6th Semester students of the Department of Education, Assam Don Bosco University.

Number of Participants

Total of 50 students participated along with faculty members from the Department of Education.

Workshop Highlights

Session 1: Conducted by Ms. Kuei-Mi Li, Teacher-in-Charge at Taiwan Education Center, ADBU. The session included:

- A presentation on Taiwan's culture, history, education system, and job prospects.
- An overview of opportunities for studying in Taiwan, including available scholarships and the importance of learning Mandarin.

Session 2: A hands-on art and craft activity session engaging students and faculty in creative learning methods.

Impact on Participants / Feedback

- Students appreciated the dual focus of the workshop i.e. practical skill enhancement and academic orientation.
- The interactive format, especially the craft session, was well-received for making learning engaging and experiential.
- The orientation on overseas studies opened up new aspirations among students regarding higher education abroad.
